SMUGGLED CHINKS TO BE DEPORTED FROM HERE

Companion will be Held as Witness Against Las Vegas Oriental, Charged with Smuggling Countrymen.

Two Chinese alleged to have been smuggled into the country at El Paso are locked up here. The prisoners are Low Hon and Low Kai, who were brought to this city last evening by Immigration Inspector V. P. Parich from Las Vegas.

Mr. Parich went to Las Vegas to assist in making the arrests in the case, which was worked up from El Paso. Hop Lee, a Las Vegas laundryman, was taken into custody, charged with being the smuggler.

The two Chinese brought here were locked in the city jail. This afternoon Inspector Parich took one to the county jail to get them separated for purposes of examination. One of the Chinese will be deported immediately, but the other will be held as a witness against Hop Lee.

That he can produce one horse-power for each pound his engine weighs is the claim of the French inventor of a motor depending upon the explosive force of gunpowder for power.

A. BARTON HEPBURN MAY BE NAMED FOR WARBURG

Washington, July 28.—A Barton Hepburn, chairman of the board of the Chase National bank of New York, was being considered today for a place on the federal reserve board should Paul M. Warburg finally decline to appear before the senate banking committee as a preliminary to his confirmation.

Senator Hitchcock was to return here late today from New York after a conference with Mr. Warburg. The White House expected he would bring the final word which would determine whether the banker becomes a member of the board.

President Wilson has not decided on a man in place of Thomas D. Jones, of Chicago, whose name was withdrawn, but is expected to do so this week.

Named Collector of Customs.

Washington, July 28.—The president today nominated Thomas F. Thomas of Salt Lake City as collector of the customs of Utah and Nevada.

STREETS DAMAGED BY LAST NIGHT'S HEAVY RAIN

Track Flooded at Hahn, and Trains Held Until Roadbed is Made Safe. City and County at Work.

Damage to streets in the Highlands was done by the heavy two-hour downpour last night. City Engineer James N. Gladding, with Mayor Boatright, inspected the streets this morning. First reports led them to expect that pretty much every street in the Highlands had been damaged, but they found the damage somewhat less serious than they had feared.

The biggest job before them was in clearing out the old ditch before the water company's place on Broadway, into which a lot of sand was washed. Men were put to work on that, and as soon as they finished there, it was said, the gully would be put at work repairing the streets. A few loads of dirt, it was said, would straighten out the thoroughfares.

On Iron avenue the dams put in by the city engineer last year were found to have worked well, holding a good deal of the water back. Some water ran down from this side but the rush from the arroyo was held by the dams.

The fields adjacent to the Copper avenue ditch were, as usual, flooded.

Damage was done to county roads by the downpour, and Chairman John Beaven of the county road board was up and doing early this morning. Without loss of time he had thirty teams at work.

The worst place Mr. Beaven had to contend with was at University Heights. The dams above the Shorthill sanitarium on Central avenue went under the downpour and the water tore a gap in the road at that point so big that Mr. Beaven had to have it staked off to prevent the possibility of accident. Twenty teams were put to work at that point.

Ten teams were put to work on the Alameda road to the north of the city.

Chairman Beaven announced this morning that as far as Bernalillo county is concerned the roads to Santa Fe will be in fine shape for the proposed motorcade of good roads enthusiasts to the convention in the capital Thursday. The road through this county will be fit for a twenty-five mile gait clear to the Santofelito.

The rain last night was a soaking and steady performance that began

It is Just Natural To Admire Babies

Our altruistic nature impels love for the subject infant. And at the same time the subject of motherhood is ever before us. To know what to do that will add to the physical comfort of expectant motherhood is a subject that has interested most women of all times. One of the real helpful things is an external abdominal application said in most drug stores under the name of "Mother's Friend." We have known so many grandmothers, who in their younger days relied upon this remedy, and who recommended it to their own daughters that it certainly must be what its name indicates. They have used it for its direct influence upon the muscles, cords, ligaments and tendons as it aims to afford relief from the strain and pain so often unnecessarily severe during the period of expectancy.

Every woman should mention "Mother's Friend" when the work is the subject of conversation. An interesting little book is mailed free upon application to Bradfield Regulator Co., 405 Lamar Bldg., Atlanta, Ga. It refers to many things that women like to read about.

Get or recommend a bottle of "Mother's Friend" today and write for the book.

PUEBLO WOMAN MAKES SUCCESSFUL DEFENSE OF WATER SUPPLY

Pueblo, Colo., July 28.—Armed with a repeating rifle, Mrs. Mary Martinez, barricaded herself in her home here today and successfully kept off officers of the local water company and members of the police force who had gone to the woman's house to shut off the water supply. The water company officials were informed that neighbors were getting their supply of water at the Martinez house, which is the only domicile in the neighborhood connected with the reservoir. When they sent men to shut off the supply today, Mrs. Martinez warned them away with a gun. Later a detachment from police headquarters went to the scene, but upon being threatened with death, they withdrew. The water company will probably file a suit to accomplish their purpose.

THREE WELL KNOWN FIRMS SUED IN DISTRICT CT.

Stamm Fruit Company, Butler Auto Company, R. J. Denhof and W. O. Harris Defendants in Action Based on Alleged Accounts.

Suit has been started by the Glorioso-Jones Fruit company, of Missouri, against the Stamm Fruit company of this city, in the district court, for \$452. The suit is based on an alleged account for goods sold. Marston and Wood are attorneys for the plaintiff.

The Tyler Rubber company of Massachusetts, through A. B. Stroup, its attorney, has sued the Butler Auto company for \$271 on an alleged bill due.

S. Langsdorf & Co. have started suit against W. O. Harris and R. J. Denhof, jewelers, for \$35, alleged to be due on account. A. B. Stroup is attorney for the plaintiffs.

Demetrio Garcia has been granted a decree of divorce from Andrea Ilaca de Garcia, with custody of his minor child, Benita Garcia. The decree is awarded on the ground of abandonment. Vigil and Jamison were counsel for the plaintiff.

Probate Court.

Mrs. Ward Platt was named as guardian today by Judge John Baron Burg in the probate court of Felicita Ortiz, a fifteen-year-old girl who has been a student at the Harwood school. Mrs. Platt succeeds the late Mrs. Susanna Kent as guardian.

BERNALILLO CONVICT FOUND IN COLORADO STATE PENITENTIARY

(Special Dispatch to Evening Herald)

Santa Fe, N. M., July 28.—The penitentiary authorities today sent an officer to Canyon City, Colorado, to take charge of Alberto Aras, alias Pedro Morales, said to state prison from Bernalillo county to serve 18 months for larceny. Aras escaped after serving part of his sentence and when found was serving a sentence for burglary in the Colorado state prison at Canyon City, whence he is about to be released.

MR. METCALF IS NOT THINKING OF TOURING

W. P. Metcalf, socialist candidate for congress, stated today that it was not at all likely that he would make a stump tour of the state. He might make a speech or two away from home, although even that is not certain—but nothing like a speechmaking tour is contemplated. A. Egan, the candidate of the Socialists in 1912, made no campaign of any kind. But he polled 2,644 votes just the same.

FOREST PATHOLOGIST JOINS DISTRICT FORCE

W. H. Long, forest pathologist, arrived in the city this morning with his family. From Washington, to make their residence here. Mr. Long will be attached to the district office of the forest service. The Longs have taken the Rosenwald house, West Copper avenue.

Scientists have shown that in occupations employing the larger muscles women tire more rapidly than men, while in work in which smaller muscles are used they are more efficient.

PUEBLO WOMAN MAKES SUCCESSFUL DEFENSE OF WATER SUPPLY

Pueblo, Colo., July 28.—Armed with a repeating rifle, Mrs. Mary Martinez, barricaded herself in her home here today and successfully kept off officers of the local water company and members of the police force who had gone to the woman's house to shut off the water supply. The water company officials were informed that neighbors were getting their supply of water at the Martinez house, which is the only domicile in the neighborhood connected with the reservoir. When they sent men to shut off the supply today, Mrs. Martinez warned them away with a gun. Later a detachment from police headquarters went to the scene, but upon being threatened with death, they withdrew. The water company will probably file a suit to accomplish their purpose.

TEN YEARS AND FINE OF \$800 FOR THEFT OF THREE MILLIONS

Brussels, July 28.—Nestor Wilmet, Belgian banker, railroad manager, newspaper proprietor and sportsman, was sentenced today to ten years' imprisonment and \$800 fine on a charge of swindling the public out of \$3,000,000 by over-issuing shares in the Ghent-Terneuse railway in 1912.

Five accomplices also were sentenced—Raspin, the traffic manager, to seven years and \$860 fine; Warbeter to four years and three others to three years each.

The railway is the only privately owned line in Belgium and the operation of Wilmet and his associates placed a number of small banks in difficulties. He disappeared in 1912 and after a worldwide search was arrested at Rheims, France.

WAR

(Continued from Page One.)

eastern of war on her two fronts would force Germany to strike immediately and hard.

The opinion was expressed in well informed Russian circles tonight, however, that partial mobilization of Russian troops along the Austrian frontier was quite probably an answer to the Austrian declaration of war on Serbia.

Serbian officials here appeared to think that such a step could be un-

PATRIOTIC DEMONSTRATION IN BUDAPEST STREETS

Budapest, July 28.—A great patriotic demonstration took place in the Hungarian diet today when the royal receipt was read, proroguing parliament. The deputies cheered for the king, the country and the army. Speeches were made by prominent deputies during which every patriotic word was loudly applauded.

GERMAN PUBLIC NERVOUS; BANKS SUFFER RUNS

Berlin, July 28.—The public in the German capital was very nervous today and alarmist rumors continued to circulate. The run on the savings banks in which the poorer classes deposit their money was resumed this morning. As early as 5 o'clock there were long lines of depositors outside the municipal savings banks and the people insisted on having their money regardless of the reassuring statements by the officials.

Police authorities of Berlin today announced they would not permit any more patriotic processions in the streets of Berlin. Hitherto these had not been interfered with.

Montreal Exchange Suspended.

Montreal, Que., July 28.—The stock exchange was closed by the government this afternoon because of panic conditions, power stocks were especially weak. Montreal Power falling off 11 points. Canadian Pacific railway was heavily traded in and lost several points.

Trading Suspended in Toronto.

Toronto, Ont., July 28.—Trading was suspended on the Toronto stock exchange this afternoon. Whether the exchange will resume tomorrow depends the government said, on the conditions in London and other European exchanges.

SERBIANS IN CALIFORNIA CALLED ON FOR HELP

San Francisco, July 28.—Representatives of Serbian and Croatian societies in the Bay district will meet here this week in response to a telegram received yesterday from M. I.

Pupin of New York, Serbian consul general in this country, asking for funds to aid Serbia in the threatened war with Austria. Pupin's message was as follows:

"It seems as if war is inevitable. Organize a committee for a collection of funds. Act energetically."

IF BACKACHE OR KIDNEYS BOTHER

Eat Less Meat, Also Take Glass of Salts Before Eating Breakfast.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water, also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity; also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

House Wired?

Why labor with an old fashioned iron on a hot day, when you can do the same work in one-half the time with an Electric Iron? The house wired for Electricity affords the convenient use of the Electric Iron on hot summer days. It affords as well the cooling breeze of the Electric Fan. You would have more and better light by using Electricity this summer; and the cost for these household conveniences is less than the old way. Why not Wire? It is not an expensive matter. Call us up and let us tell you how little it will cost.
